Comment: A reliable source reports that "Kredittilgungs-aufträge" (liquidation of credit orders) refers to orders which are to be delivered to the Russians to repay credits to the provinces and states of the Russian Zone which were authorized by the Russians during the bank holiday in 1945. The Russians have ordered that these credits are not to be repaid in money but in goods.

2. In addition to the total value of these orders, there are also 31 "ocean-going vessels", on which no price has yet been fixed. The ships are supposed to cost RM 450,000 apiece - a total of RM 13,950,000 - and would raise the grand total of the orders received to the sum of RM 758,434,500.
